Re: Request for confidentiality

Applicant: eQ-3 Limited, Hong Kong

FCC ID: RNT-ECC100S-US

To whom it may concern,

Request is hereby submitted by eQ-3 Limited, Hong Kong to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description
- Tune up procedure
- Parts list
- Internal photos
- User manual

Rationale for request for confidentiality:

eQ-3 Limited, Hong Kong has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

Additionally, the equipment is installed and maintained only by factory-authorized and trained installers, who have exclusive key access to the equipment. Users are not provided with an instruction manual, nor do they have access to the circuitry in the equipment.

Sincerely,

Signature:
