

802.15.4 PANalyzer

M/N: Q51

P/N: 97-051-603

Date Code: 13219

MAC Address: 00:1C:DA:00:30:0B

5VDC / 350mA Max
Made in Canada

IC ID: 7162A-Q53R6

FCC ID: VD4Q53R6

ICES-003 CLASS B

CE1177

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

ZigBee Bridge

M/N: Q52

P/N: 97-052-603

Date Code: 13219

MAC Address: 00:1C:DA:00:30:0B

5VDC / 350mA Max
Made in Canada

IC ID: 7162A-Q53R6

FCC ID: VD4Q53R6

ICES-003 CLASS B

CE1177

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

ZigBee Gateway

M/N: Q53R6

P/N: 97-053-603

Date Code: 13219

MAC Address: 00:1C:DA:00:30:0B

5VDC / 350mA Max
Made in Canada

IC ID: 7162A-Q53R6

FCC ID: VD4Q53R6

ICES-003 CLASS B

CE1177

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

ZigBee IP LBR

M/N: Q70

P/N: 97-070-603

Date Code: 13219

MAC Address: 00:1C:DA:00:30:0B

5VDC / 350mA Max
Made in Canada

IC ID: 7162A-Q53R6

FCC ID: VD4Q53R6

ICES-003 CLASS B

CE1177

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Smart Grid Interface

M/N: Q71

P/N: 97-071-603

Date Code: 13219

MAC Address: 00:1C:DA:00:30:0B

5VDC / 350mA Max
Made in Canada

IC ID: 7162A-Q53R6

FCC ID: VD4Q53R6

ICES-003 CLASS B

CE1177

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

TagWizard Gateway

M/N: Q53R6

P/N: 97-053-613

Date Code: 13219

MAC Address: 00:1C:DA:00:30:0B

5VDC / 350mA Max
Made in Canada

IC ID: 7162A-Q53R6

FCC ID: VD4Q53R6

ICES-003 CLASS B

CE1177

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
