

28 July 2014

To Whom it may Concern,

This is to notify all that Steelcase, Inc. desires to register the GW10 Zigbee radio in both the United States and Canada in its name.

The original FCC ID: VD4Q53R6  
The original grant date was 23 August 2013.

The original IC ID: 7162A-Q53R6

The Steelcase branded product will be the same with the following changes:

M/N: GW10  
FCC ID: ROM-GW10  
IC ID: 5635B-GW10

The original test results will continue to be representative of and applicable to the equipment with the new FCC ID / IC certification numbers. Steelcase does not plan to change, modify or otherwise adapt the product or the radio in anyway. If Steelcase does change anything they will apply for its own certification.

Respectfully,

David Behner  
Senior Consultant, Global Codes and Approvals
