Dear Mr Carr

Further to our submission for FCC and Industry Canada grant/approval for the Tempus IC Patient Monitor, I request that the following information is to be held confidential on behalf of Remote Diagnostic Technologies Ltd. I request that confidentiality be granted for this material such that it is withheld from public inspection following the grant of this authorisation. This material includes:

- Schematic or circuit diagrams
- Block diagrams
- BOMs
- PCB photos

Specifically, these exhibits contain information relating to the circuit function and complexity that could be of benefit to competitors. The materials contains trade secrets and confidential information that RDT does not customarily release to the public and which is otherwise not generally available to the public.

RDT gives permission for other information submitted to be published as required.

Please contact me if you have any questions relating to this submission.

Regards

Chris Hannan
