FCC-ID: RPD-SA5252MPCI-01
FCC Part 15 Certification

Gentlemen,

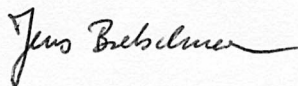

In accordance with 0.459 of CFR 47, Philips Semiconductors Dresden AG hereby requests confidentiality of all attachments for the subject application. In case that confidentiality cannot be granted for all attachments, we would like to request it at least for the block diagram, the circuit descriptions, the circuit diagrams, the parts list and the theory of operation.

These documents contain detailed system and equipment description and related information about the product that Philips Semiconductors Dresden AG considers to be proprietary, confidential and a custom design and otherwise would not release to the general public. Since the design is a base from which future technological products will evolve, Philips Semiconductors Dresden AG considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

ppa. Dr. Peter Meyer
Senior Director Engineering

i.A. Jens Bretschneider
Senior Engineer, Field Application Engineering
