

Request for Confidentiality

Date: 06/03/2021

Subject: Confidentiality Request for: RS2DBESR20W

Pursuant to FCC 47 CFR 0.457(d) and 0.459 and IC RSP-100, Section 10, the applicant requests that a part of the subject FCC application be held confidential.

Table with 3 columns: Type of Confidentiality Requested, Exhibit, and checkboxes. Rows include Block Diagrams, External Photos, Internal Photos, Operation Description/Theory of Operation, Parts List & Placement/BOM, Tune-Up Procedure, Schematics, Test Setup Photos, and User's Manual.

*Note:

XM Radio Inc has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product.

Permanent Confidentiality:

The applicant requests the exhibits listed above as permanently confidential be permanently withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public.

Short-Term Confidentiality:

The applicant requests the exhibits selected above as short term confidential be withheld from public view for a period of 45 days from the date of the Grant of Equipment Authorization and prior to marketing.

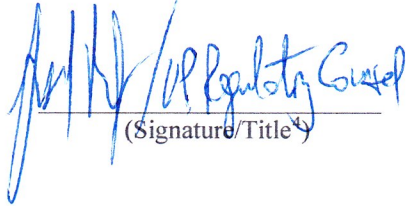

NOTE for Industry Canada Applications:

3 - The asterisked items (*) require further justification before permanent confidentiality will be allowed. These also currently require review by the FCC under their Permit-But-Ask policy before the grant is issued...

The applicant understands that until such time that IC distinguishes between Short Term and Permanent Confidentiality, either type of marked exhibit above will simply be marked Confidential when submitted to IC.

Sincerely,

By:

(Signature/Title⁴)

James S. Blitz
