Inquiry Tracking Number: **869902**

Date of Submission:

Subject: **15.239 Permit but Ask**

Question: **Gentlemen - We are seeking Permit But Ask guidance for FCC ID: RS2XMXRC1 . The device is an FM modulator operating under Part 15.239 of the FCC rules. The device has been reviewed and shown to be compliant to the rules. The test report, and list of Permit but Ask Questions are attached to this permit but ask request.**

Thank you for your prompt consideration of this permit but ask request.

Tim Johnson

Subject: **15.239 Permit but Ask**

Question: **---Reply from Customer on 08/08/2007---**

Kindly review the document carefully that was previously submitted. The data on pages 3 - 5 are from the OAT's as stated:

Tables 7-4, 7-5 and 7-19 thru 7-24 2 below, from

the test report, shows the maximum emissions as measured by the lab's OAT's site.

Data on pages 6 - 12 are for in-situ:

Tables 7-7 thru 7-18 below, from the test report, show the emissions measured for the insitu portion of the tests. The low and high frequency measurements were taken at 91.7 and 105.3/107.5 MHz, respectively, in lieu of 88.1 and 107.7 MHz to avoid interference from FM broadcast stations that were detected on the test range.

Respectfully,

Tim Johnson
