

FCC ID: RS409995-49TX

Technical Description :

The brief circuit description is listed as follows :

- U2 (TX-2BS) and associated circuit act as Encoder.
- X1, Q2 and associated circuit act as 49.860 MHz Oscillator.
- Q3 and associated circuit act as RF Amplifier and Modulator.
- U1 (HEF4011BT), D2, Q1 and associated circuit act as Time Controller.
- S1, S2 and associated circuit act as Control Key.

Antenna Used :

An integral antenna (non-extendable) has been used.
