Date: Feb.25, 2004

To Whom It May Concern:

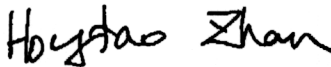

Ref: FCC submission for FCC ID: RSNCM1000
Applicant: Cellphone-Mate Inc

Dear Reviewer,

This is to acknowledge the following modifications made for the Cell Phone Amplifier CM100 during final compliance tests will be incorporated in each unit sold in the U.S.:

1. Copper tape was placed on the input and output ports of the EUT to close the gap.
2. Copper tape was also connecting the SMA connector to chassis providing a grounding path.

Sincerely yours,

HongTao Zhan
CEO
