Attn: OET Dept.

Ref: FCC Class II Permissive change for FCC ID: RTP -DNMA83

Applicant: Hewlett Packard Company.

Dear Examiner,

This is to request a Class II Permissive change for FCC ID: RTP -DNMA83 originally granted on 08/29/2008.

The change under this application is to add SM24513P MIMO Antenna to the DFS bands.

Hewlett Packard would like to only do this class II permissive change to the equipment class UII. The equipment class DTS has already undergone this class II permissive change and the certificate was granted on 6/9/2009.

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Sincerely,

A handwritten signature in black ink that reads 'John Czyzewicz'.

John Czyzewicz
Senior Regulatory Engineer
Hewlett-Packard Co.
