Dear Sir/Madam,

In accordance with 0.459 of CFR 47, Scanpak Inc. hereby requests confidentiality of all Block Diagrams, Schematic Diagrams and Operational Description attachments for the subject application.

These documents contain detailed system and equipment description and related information about the product which Scanpak Inc. considers to be proprietary, confidential and a custom design and otherwise would not release to general public. Since the design is a basis from which future technological products will evolve, Scanpak Inc considers that this information would be of benefit to its competitors and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

If you have any queries, please do not hesitate to contact us by toll free number 1-877-977-7007.

Sincerely,
