Evaluation of Entel HT840
FCC id: RV6HT840

I have assessed the above referenced submission for the Entel HT840 and found it to be compliant.

The following were noted and resolved during the evaluation.

1: Test Results

A number of clarifications were requested concerning the test results, these were all addressed and the report re-issued.

2. Other exhibits

There were issues concerning the labels, test set up, internal photographs and tune up information. These were all addressed and the documents revised.

Yours sincerely

Bill Wilson
