RE: CONFIDENTIALITY REQUEST FOR Model number TBE-1010, FCC ID# RV7 DBE-1010

To Whom It May Concern:

This letter serves as an official request for confidentiality under FCC Rule Section 0.459. In view of the fact that the block diagrams, schematics and associated theory of operation that are required to be submitted with this application disclose the mechanism of our process, we request that the aforementioned documents be withheld from public review. These documents contain details of the proprietary operation of product. These details are not readily discernible - even to technically sophisticated individuals - from our hardware and constitute trade secrets and therefore should not be available for disclosure to the general public or our competition.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in black ink, appearing to read "William G. Olsen", written over a horizontal line.
