Gentlemen,

The purpose of this letter is to provide justification for classifying the above products as Class A. All of the devices are similar IEEE802.11 access points with the exception that they are either A/B/G or B/G radios as indicated by their FCC ID.

The Nortel 2230 and 2231 products are intended only for industrial / corporate environments. Marketing of the products will not be targeted at individuals for residential use. The 2230 and 2231 will not be available for purchase at consumer oriented retail outlets.

If any further information is required, please do not hesitate to contact me at the email address below.
