Re: Confidentiality of MT9100R documentation.

To whom it may concern:

Greetings,

This letter regards technical information submitted to the FCC for the Wesroc RMS Repeater with regard to Part 15 conformity testing. (Currently FCC ID# RWB-MT9100R and IC# 115A-MT9100R) This is a formal request to make certain confidential information submitted to the FCC unavailable to the general public. The following are the files that we would prefer to not be publicly available:

The Block Diagram
The Schematic Diagram
The Theory of Operation
The Bill of Materials

These files require confidentiality because they contain information that reveals methods and materials used in the product that are unique to our product in our intended market and are considered by MetroTel to be trade secrets.

Regards,

A handwritten signature in cursive ink that appears to read "Doug Ferguson". To the right of the signature is the date "7/24/2006".
