SETTING UP YOUR RAZER HAMMERHEAD PRO V2 WIRELESS

CHARGING YOUR RAZER HAMMERHEAD PRO V2 WIRELESS
Connect your earphones to an appropriate power source using the charging cable.
[PLACEHOLDER IMAGE]
Wait until your Razer Hammerhead Pro V2 Wireless is fully charged.

LED indicator	Status
Static red	Charging
Static green	Fully charged

[PLACEHOLDER IMAGE]

For best results, please charge the battery completely before using your Razer Hammerhead Pro V2 Wireless for the first time. A depleted battery will fully charge in about 2 hours.

WARNING: For safety reasons, please do not use the device while it is charging.

POWERING ON / OFF

To power on your Razer Hammerhead Pro V2 Wireless, hold the multi-function button until you hear the power on tone. To power off your earphones, hold the multi-function button until you hear the power off tone. Upon powering your earphones on or off, the LED indicator will notify you of the current battery status, as shown here.

	LED indicator	Status
Power On	⏻ Fade-in green	Charged
	⏻ Fade-in red	Low power
Power Off	⏻ Fade-out green	Charged
	⏻ Fade-out red	Low power

[PLACEHOLDER IMAGE]

CONNECTING TO AN AUDIO SOURCE

If this is the first time you are connecting to a Bluetooth device, your Razer Hammerhead Pro V2 Wireless will automatically enter search mode when powered on. If you have previously connected to a Bluetooth device, power on your earphones and hold the multi-function button for at least 3 seconds until you hear the search mode tone.

1. Set your earphones to search mode. While your Razer Hammerhead Pro V2 Wireless is in search mode, the LED indicator will alternately blink green and red.

[PLACEHOLDER IMAGE]

2. Enable Bluetooth on your device and select "Razer Hammerhead Pro V2 Wireless" from the list of devices found.

[PLACEHOLDER IMAGE]

3. Wait for pairing to complete. The LED indicator will change to static for 5 seconds when successfully paired.

[PLACEHOLDER IMAGE]

If the earphones fail to connect to the device, LED indicator will alternately blink green and red for a few seconds then power off after 5 minutes. If this happens, simply repeat steps 1 to 3 to try again.

[PLACEHOLDER IMAGE]

Once your earphones have paired with a Bluetooth device it will automatically try to pair to that device every time your Razer Hammerhead Pro V2 Wireless is powered on.
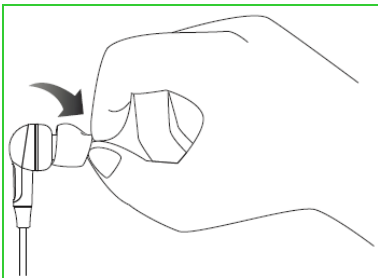

USING YOUR RAZER HAMMERHEAD PRO V2 WIRELESS

ACHIEVING A PROPER SEAL

To enjoy the full-bodied bass of the Razer Hammerhead Pro V2 Wireless as it is intended, please ensure that the earphones are properly fitted into your ears and that a proper seal is achieved to block out ambient noise. Due to the different ear canal sizes of individuals, the default ear-tips may not achieve a proper seal, if so, change the ear-tips to a larger or smaller size.

CAUTION: Do not yank out earphones from your ears as the sudden release of air pressure might cause potential discomfort.
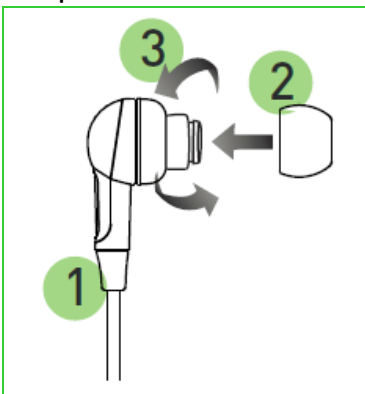

Removing The Ear-Tips

1. Firmly hold the neck of the earphone.
2. Grip the opening of the ear-tip firmly with the other hand.
3. Pull ear-tip downwards gently until it is released from tip of the earphones.

Replacing The Ear-Tips

1. Firmly hold the neck of the earphone.
2. Push mouth of the ear-tip onto tip of the earphone.
3. As you apply pressure, use a gentle twisting motion until ear-tip is secured and in place.

USING THE MEDIA BUTTONS

The following in-line remote functions are available when connected to your mobile device.

Note: Some functions listed below may not work with certain Android devices.

	VOLUME UP BUTTON	
	Single Press	Increase audio volume

	VOLUME DOWN BUTTON	
	Single press	Decrease audio volume

	MULTI-FUNCTION BUTTON	
	Single press	Plays/Pause audio playback
		Accept incoming call or end current call
	Double press	Next track
		Hold call and accepts a 2nd incoming call. Press the button again to return to the previous call.
	Triple press	Previous track
	Press and hold	Decline an incoming call
	Double press and hold on 2nd press	Fast forwards the current track
	Triple press and hold on 3rd press	Rewinds the current track

UNDERSTANDING THE EARPHONE NOTIFICATIONS

While in use, the Razer Hammerhead Pro V2 Wireless will display an LED indicator and/or send an audio notification to show its current status, as shown here.

LED indicator	Audio notification	Status
Breathing	No	Battery charged
Blinking	Yes	Battery low
Blinking	Yes	Incoming call
Static for 2 seconds	Yes	Call answered
None	Yes	Call rejected

*Please refer to the Online Master Guide at **razersupport.com** for in-depth instructions on how to use your Razer Hammerhead Pro V2 Wireless.*

SAFETY AND MAINTENANCE

SAFETY GUIDELINES

In order to achieve maximum safety while using your Razer Hammerhead Pro V2 Wireless, we suggest that you adopt the following guidelines:

1. Should you have trouble operating the device properly and troubleshooting does not work, unplug the device and contact the Razer hotline or go to www.razersupport.com for support. Do not attempt to service or fix the device yourself at any time.

2. Do not take apart the device (doing so will void your warranty) and do not attempt to operate it under abnormal current loads.

3. Keep the device away from liquid, humidity or moisture. Operate the device only within the specific temperature range of 0°C (32°F) to 40°C (104°F). Should the temperature exceed this range, unplug and switch off the device in order to let the temperature stabilize within the optimal temperature range.

4. The Razer Hammerhead Pro V2 Wireless isolates external ambient sounds even at low volumes, resulting in lowered awareness of your external surroundings. Please remove the Razer Hammerhead Pro V2 Wireless when engaging in any activity that requires active awareness of your surroundings.

5. Listening to excessively loud volumes over extended periods of time can damage your hearing. Furthermore, legislation of certain countries permits a maximum sound level of 86db to affect your hearing for 8 hours a day. We therefore recommend that you reduce the volume to a comfortable level when listening for prolonged periods of time. Please, take good care of your hearing.

MAINTENANCE AND USE

The Razer Hammerhead Pro V2 Wireless requires minimum maintenance to keep it in optimum condition. Once a month we recommend you clean the device using a soft cloth or cotton swab with a bit of warm water to prevent dirt buildup. Do not use soap or harsh cleaning agents.

Razer assumes no responsibility for such differences or for any errors that may appear. Information contained herein is subject to change without notice.

LIMITED PRODUCT WARRANTY
For the latest and current terms of the Limited Product Warranty, please visit www.razerzone.com/warranty.

LIMITATION OF LIABILITY
Razer shall in no event be liable for any lost profits, loss of information or data, special, incidental, indirect, punitive or consequential or incidental damages, arising in any way out of distribution of, sale of, resale of, use of, or inability to use the Product. In no event shall Razer's liability exceed the retail purchase price of the Product.

COSTS OF PROCUREMENT

For the avoidance of doubt, in no event will Razer be liable for any costs of procurement unless it has been advised of the possibility of such damages, and in no case shall Razer be liable for any costs of procurement liability exceeding the retail purchase price of the Product.

GENERAL

These terms shall be governed by and construed under the laws of the jurisdiction in which the Product was purchased. If any term herein is held to be invalid or unenforceable, then such term (in so far as it is invalid or unenforceable) shall be given no effect and deemed to be excluded without invalidating any of the remaining terms. Razer reserves the right to amend any term at any time without notice.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.

—Increase the separation between the equipment and receiver.

—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help.

FCC Statement

This device complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution!

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Canada Statement

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

(1) This device may not cause interference; and

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) l'appareil ne doit pas produire de brouillage;

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

The device meets the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS-102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

Le dispositif rencontre l'exemption des limites courantes d'évaluation dans la section 2.5 de RSS 102 et la conformité à l'exposition de RSS-102 rf, utilisateurs peut obtenir l'information canadienne sur l'exposition et la conformité de rf.
