Notice_content

Question #1: As indicated in the test report, only 1280x 1024 resolution was investigated during the tests. Per the user manual, there are many user selectable resolutions that can be selected. Please provide additional radiated emission test for the lowest resolution (640 x 480) and middle resolution 800 x600.

Best Regards

Mike Kuo

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
