Subject: 2.933 Applications for Maxon CIC

Dear Ms. Haase:

Acting as agent for Maxon CIC, Rhein Tech Laboratories has uploaded eight (8) applications, pursuant to Section 2.933 of the Commission's rules. Per an agreement between Dr. Rashmi Doshi of the FCC, and Robert Ungar of Fish & Richardson, PC, these 8 applications will be processed for just one fee of \$545.00.

The 8 new certifications are not intended to replace the Midland Radio products (grantee codes O7K, MMA, and F3J), but instead to correct administrative errors which resulted in the transfer of the original grantee code. Maxon certifies that there have been no changes to the equipment since the original grant, and the original test results will continue to be representative of and applicable to the equipment.

I would like to ensure that there will be no problem processing the applications due to lack of payment for 7 of the 8 applications. During the upload process, a credit card payment in the amount of \$545.00 was authorized for FCC ID: RXUSD125U2, 731 Confirmation # EA659886. However no payment was made for the other 7 applications which are being filed due to the administrative error noted above.

The applications which are to be included in the 8 being reviewed for one \$545.00 fee are listed below:

<u>FCC ID</u>	<u>731 Confirmation #</u>
RXUSD125U2	EA659886
RXUSD125V2	EA180660
RXU130-140V2	EA997275
RXU130-140U2	EA869334
RXUSM2150	EA617995
RXUSM2450	EA211321
RXUSM6150V2	EA220020
RXUSM6450U6	EA820906

Engineering and Testing for EMC and Safety Compliance

The letter of explanation submitted by the applicant for each application, as instructed by Robert Ungar, includes a reference to "5 other applications"; this should be "7 other applications".

When completing the 731 forms when more than one FCC rule applied, only the initial rule part and the associated frequency, power, frequency tolerance, and emission designators would display. I assume that all of the rule parts will appear on the grants issued, so that the grants match the original grants issued. Please advise if this is not the case.

In addition to the 8 applications noted here, I also uploaded another 6 2.933 applications for Maxon CIC, however the filing fee was paid for each of these 6 applications.

If you have any questions, please contact me at FCCINFO@rheintech.com, or 520-877-8105. Thank you very much.
