Re. FCC ID : RXUSP6102

Subject : Justification Letter for extended frequency range use

Gentlemen,

We, Maxon, advices that SP6102 Private Handheld Land Mobile Radio Transceiver has the design capability to be programmed and operated only for the frequency band 148-174 MHz.

We, Maxon, also acknowledge that it is a violation of FCC rules for this device to be operated on unauthorized frequencies inside the USA.

We, Maxon, acknowledge that this device will not be marketed to USA users with the frequency band which is not allowed by rule part as well.

Pls note that Licensed End users shall not have any access to external controls that will allow them to programme the equipment. Equipment programming is the responsibility of Maxon approved service agents

Sincerely,

---

Hyun-Gu Kang
