

April 4, 2008

Dear Sir or Madam:

Enfora, Inc. has applied for, and has been granted Federal Communications Commission (FCC) registration number MIVEDG0100 for its radio module which carries the Enfora model number EDG0100 (marketed as EDG0108).

This letter will grant permission on a one time basis to Two Technologies, Inc., a company in Horsham, Pennsylvania, to apply for a "Change of Identification" for the above mentioned radio module, with the FCC.

Enfora understands that Two Technologies must make this change in order to comply with Federal Communications Commission (FCC) regulations that apply to the installation of this radio into the Two Technologies JETT.XL™ hand held computer. Two Technologies' FCC company identifier is RYJ.

Enfora, Inc. is supplying the EDG0100 to Two Technologies, Inc., unmodified and equivalent to the originally certified unit.

The original test results continue to be representative of and applicable to the equipment bearing the changed identification

Sincerely,

A handwritten signature in blue ink that reads "John H. Denton". The signature is written in a cursive, flowing style.

Hal Denton
VP, Product Development
Enfora, Inc
