Dear Sir or Madam:

The Futaba Corporation has both applied for, and has been both granted the FCC registration number AZP-FDQ02T and IC registration number 2914D-FDQ02T for its radio module which carries the Futaba model number FDQ02T.

This letter will grant permission on a one time basis to Two Technologies, a company based in Horsham Pennsylvania, to apply for a "Change of Identification" for the above mentioned radio module, with the Federal Communications Commission.

Futaba Corporation understands that Two Technologies must make this change in order to comply with FCC regulations that apply to the installation of this radio into the Two Technologies JETT[™] hand held computer.

Sincerely,

Satoru Ishii
