

December 1, 2010

UL Japan, Inc.
4383-326 Asama-cho, Ise-shi,
Mie 516-0021 Japan

Subject : Class II Permissive Change under Section 2.1043 of FCC Part 2
Company : Taiyo Yuden Co., Ltd.
Product : IEEE 802.11 a/b/g/n Wireless LAN Module
FCC ID : RYYWYPAEBUX4

This is to request a Class II Permissive Change of the granted product (FCC ID: RYYWYPAEBUX4) on November 16, 2010. We request the expansion of the grant to the following.

1. To add the grant note that the additional measurement to verify co-location operation is performed. (Please see the attached test report)

The difference between the certified Wireless LAN Module and the modified one is the above only.

This Wireless LAN Module will be installed in the Blue-ray Disc Home Theater Sound System, manufactured by Panasonic Corporation, and will transmit simultaneously with RF Transceiver Card (FCC ID: ACJT10001).

We confirmed that this co-location operation conforms to FCC regulations by performing additional measurement.

Thank you for your attention to this matter.

Sincerely,

Mitsuo Takagi
Division Manager
Taiyo Yuden Co., Ltd.
