AN04T3819

Hi Monica :

Reply to Question #1: the proposed FCC ID label format still does not comply  
with section 2.925 of FCC rules. The term FCC ID and identifier must be on  
a single line. Please provide revised FCC ID label format again.

Reply to Question #3 : In the request for confidentiality letter, you listed  
all files as confidential document. External photos, internal photos, all  
test related information, user manual can not be granted as confidential  
document. Please only include Block Diagram, Operational Description and  
Schematic Diagram in your request for confidentiality letter. Submit  
revised letter.

Best Regards

Mike Kuo
