MZ-J2XL Instruction manual

MZ-J2XL Instruction Manual

Thank you for purchasing the MZ-J2XL ipod transmitter. In order to use this product properly please read the instructions below.

Features

1. Adjustable holder for multiple viewing angles and automobiles.
2. Supports iPod
3. Supports FM frequencies 88.1MHZ to 107.9MHZ
4. LCD display shows frequency, playing time and other content.
5. FM Frequency and volume stored automatically.
6. You can also charge the iPod

Key Functions and operating instructions

1. Insert the MZ-J2XL into your car's 12 Volt socket. Then attach your iPod using the attached audio cable. The LCD display will indicate that your device is connected.
2. Turn ON/OFF KEY: Press the ON/OFF button once to activate the FM Transmitter. Press the ON/OFF button twice to disconnect FM transmitting.
3. Frequency +/- button: Press these buttons to switch FM frequencies. Hold down the button to rapidly scan frequencies
4. The FM Frequency on your car's radio must be the same exact frequency as the MZ-J2XL

Specifications:

Power Input: DC12 Volts
Output Voltage: DC 5.2~5.4 Volts
Load Current > 800mA
Supported Devices: iPod
Operating Current: <100mA
Transmission Speed: 32kbs - 256 kbs
FM Frequency Range: 88.1 to 107.9 MHZ
Frequency Response: 45DB
Frequency Distortion: <1%
FM Transmission Distance: <5M

FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Avis d'Industrie Canada

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. Cet appareil numérique ne dépasse pas les Règlements sur l'interférence radio par un appareil numérique de classe B stipulés dans les Règlements sur l'interférence radio d'Industrie Canada.

Industry Canada Notice

This device complies with Industry Canada licence-exempt RSS standard(s).

1. Operation is subject to the following two conditions:
(1) this device may not cause interference, and
(2) this device must accept any interference, including interference that may cause undesired operation of the device.*
2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
