Dear Tim,

May you check the responses for your comments:

3. Internal photo will be updated
- 10, 11. the EUT can transmit simultaneously, we have checked EMC and SAR, no worse has been found. We will add the SAR plotting for simultaneous Tx.
12. Could you check my last mail and give us your confirmation?
13. Yes, we tested it using divider and we did correct the final result considering cable loss and divider loss
14. The pulse comes from BCCH of base station, not from EUT.
15. only one battery for this EUT
16. Only ear phone is provided, only it is included in the testing.
- 17, 18, 20,21,22,23. SAR report will be updated.

Daniel
