Dear Mr. Leimer:

The Federal Aviation Administration, Spectrum Engineering Services Group received the Avidyne letter dated June 21, 2013 regarding a request for Federal Communications Commission (FCC) certification of the TAS6XX-A Traffic Advisory System, FCC ID: RZYTAS6XX-A. This system is being introduced to update the hardware and provide enhanced functionality in the future.

The Spectrum Planning and International Group has reviewed the data presented by Avidyne and has found no objection to the FCC granting certification to this equipment.
