

FCC ID: S22BTMODULE-CL2  
Request for Limited Modular Approval

In accordance with FCC Part 15, we, KC Wirefree, hereby request a limited modular level approval as outlined in FCC document DA 00 – 1407, for the device listed above.

In support of the Modular Transmitter Approval, the following is stated:

- 1) The module does have buffered modulation / data inputs.
- 2) The module does regulate its own power supply.
- 3) The module does have a permanently attached antenna.
- 4) The module can be tested as a stand-alone device.
- 5) The module is labeled with the proper FCC ID, and labeling instructions are provided to OEM end users for external product labels.
- 6) The module does have instruction for proper use.
- 7) The module does meet the FCC RF regulations.

Limited Modular Transmitter Approval, is requested, instead of Modular Transmitter Approval, because the following condition is not met:

- 8) The module does not have its own RF shielding.

In accordance with FCC document, DA 00-1407, all final usage by OEMs of this device, (1) Must be approved by the module's manufacturer, KC Wirefree, (2) final installation must follow the instructions in this user's manual, (3) a written agreement with the OEM will detail which products are approved for this module's final installation to control its end usage and ensure FCC Part 15 compliance.
