Details

Item Code: 00289

Model: AXQ/AXH

Style/Straight	Wavelength	Connectors**	Unit Price: 25-100	100+
AXQ AXH	2.4-2.5 Ghz - ISM Band	SM,SF,TM,RPSM,RTSM,RTM,MM,CL SM,SF,TM,RPSM,RTSM,RTM,MM,CL	12.25 13.24	CALL
AXQ AXH	902-928 MHz - ISM Band	SM,SF,TM,RPSM,RTSM,RTM,MM,CL SM,SF,TM,RPSM,RTSM,RTM,MM,CL	13.25 14.24	CALL
AXQ AXH	824-896 MHz - Cellular Band	SM,SF,TM,CL	13.25 14.24	CALL

AXQ AXH	890-960 MHz - GSM Band	SM,SF,TM,CL	13.25 14.24	CALL
AXQ AXH	806-866 MHz - SMR Band	SM,SF,TM,CL	13.25 14.24	CALL
AXQ AXH	450-470 MHz - UHF Band	BM,TM,NM	13.24 14.13	CALL
Frequency Codes		Connector Codes		
4 = (450-470)		BM=BNC male		
86 = (806-866)		SM=SMA male		
8 = (824 - 896)		SF=SMA female		
9 = (890-960)		TM=TNC male		
92 = (902-928)		NM=N male		
24 = (2400-2500)		RPSM=SMA male reverse polarity		
		RTSM=SMA male reverse thread		
		RPTM=TNC male reverse polarity		
		MM=MMCX plug		
		CL=Cable lead w/connector (specify)		

Advantages

- Astron offers a full line of FLEXTRON high quality portable antennas for specialized or standard CELLULAR , PCS, and ISM band applications.
- In addition, a full selection of connectors and adapters are available for all designs.

Features

- Full Range of Frequencies in 1/4 and 1/2 Wave Designs.
- Excellent Mechanical Integrity, Electrical Performance and Durability.
- Standard Lengths for Maximum Performance
- Telescoping, Articulating, Coil and Whip Designs
- Rugged Injection Molded, Economical PVC Coated and Neoprene Shrink Sleeve Models

Electrical Specifications

Frequency Range	400 - 5.8 GHz
1.5:1 bandwidth	N/A
3 dB Beamwidth E/H Planes	N/A
Power	N/A
Gain, dBd	N/A
