Dear Helen,

Attached please find the Schematics, Internal Photos, Setup Photos and New Test Report.

Re-Q#1: Attached.

Re-Q#2: Attached.

Re-Q#3: Peak power meter.

Re-Q#4: Please see the new test report and setup photos.

Any questions please feel free to contact with me.
Thank you for your review and propose.

regards,
Joe

Subject: Spectec Computer Co., Ltd., FCC ID: S2Y-SDIOWLAN-11B, Assessment NO.: AN05T4701, Notice#2

Question #1: Please resubmit Schematics exhibit. It is not readable.

Question #2: Please resubmit internal photos. They are too small.

Question #3: Please specify clearly which test equipment you were using to measure max. peak power: spectrum analyzer or peak power meter.

Question #4: The SD card is an end product for portable application. It's not appropriate or sufficient to demonstrate compliance by testing the EUT with an extension card outside the host device only. Please retest radiated emission including restricted bandedge when EUT is inserted into the host device.

Best regards,
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
