RE: Confidentiality Request for CVX-SERVER

To Whom It May Concern:

This letter serves as an official request for confidentiality under FCC Rule Section 0.459. We request that *all documentations including schematics, block diagrams, and operational description of the ASKEY WLL3091 wireless mini PCI card* required for submission with this application be withdrawn from public review. The reason for this request is that the documents are company proprietary information that we do not wish to make available to our competitors.

Sincerely,
