

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	
EUT View 2	

EUT View 3	 The image shows the rear panel of a black, rectangular electronic device. A vertical ruler is placed to the left of the device, and a horizontal ruler is placed below it, both showing measurements in centimeters. The rear panel features a large perforated area at the top, likely for ventilation. Below this, there is a label with technical specifications and a barcode. At the bottom of the panel, there are several ports: a power jack, a power button, four LAN ports (labeled LAN1, LAN2, WANLAN1, and WANLAN2), a USB port, and a reset button. The device is placed on a blue surface.
EUT View 4	 The image shows the front panel of the same black, rectangular electronic device. A vertical ruler is placed to the left of the device, and a horizontal ruler is placed below it, both showing measurements in centimeters. The front panel is mostly blank, with the "GLOBAL TELECOM" logo and the tagline "WE ENGINEER CONNECTIVITY" printed in the center. Below the logo, there is a small, dark, rectangular slot. The device is placed on a blue surface.

EUT View 5	 A black rectangular device, likely a mobile phone or tablet, is shown from a top-down perspective. It is placed on a blue surface next to a black ruler with white markings. The ruler is oriented vertically, showing measurements in centimeters and millimeters. The device has a small screen or display area on the left side, showing some text and icons. The Global Telecom logo is visible on the right side of the device.
EUT View 6	 A black rectangular device, likely a mobile phone or tablet, is shown from a top-down perspective. It is placed on a blue surface next to a black ruler with white markings. The ruler is oriented vertically, showing measurements in centimeters and millimeters. The device has a small screen or display area on the left side, showing some text and icons. The Global Telecom logo is visible on the right side of the device.
