

Global Telecom Corp

17901 Von Karman Ave, suite 600, Irvine 92614, California, United States

(FCC ID: S3KG7243A4CB)

Date: 2021-10-08

Gentlemen:

Regarding to the FCC 15.212, Global Telecom Corp would like to request modular approval for the submission FCC ID: **S3KG7243A4CB**. Global Telecom Corp confirms that the product complies with numbered requirements identified below:

1. "The modular transmitter must have its own RF Shielding"
This EUT has its own shielding, please refers to external photos of the report.
"The modular transmitter must have buffered modulation/data inputs"
The EUT has buffered data inputs; it is integrated in chip GDM7243A and GRF7243A.
2. "The modular transmitter must have its own power supply regulation"
The EUT interface provides 12VDC, and has its own VCO inside.
3. "The modular transmitter must comply with the antenna and transmission system requirements of Sections 15.203, 15.204(b) and 15.204(c) "
A Limited Modular Approval. Intended to be sold to OEM integrators. The maximum antenna gain and antenna type allowed are stated on the User's manual
4. "The modular transmitter must be tested in a stand-alone configuration."
The EUT is tested in an access point configuration via DC power.
5. "The modular transmitter must be labeled with its own FCC ID number."
The EUT has its own FCC ID and the label is visible.
6. "The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacture must provide adequate instructions along with module to explain any such requirement."
The EUT comply with all applicable FCC Rules. Warning detail refer to the user manual.
7. "The modular transmitter must comply with any applicable RF exposure requirements."
The EUT comply with all applicable RF exposure requirements. See this RF exposure report.

Sincerely,

Global Telecom Corp

Ahmad Malkawi/Sr. Vice President Business Development
