

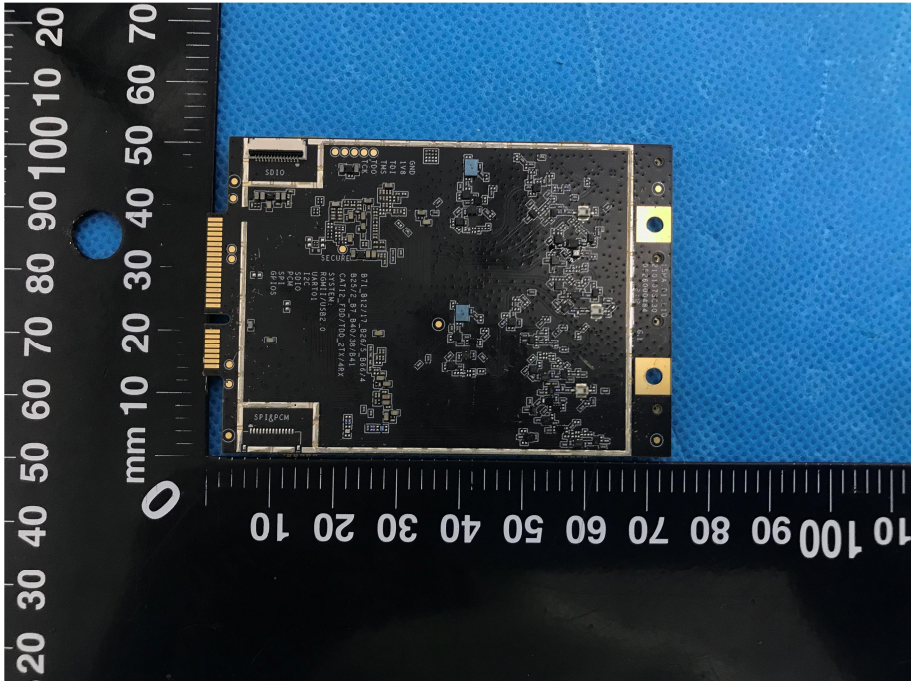

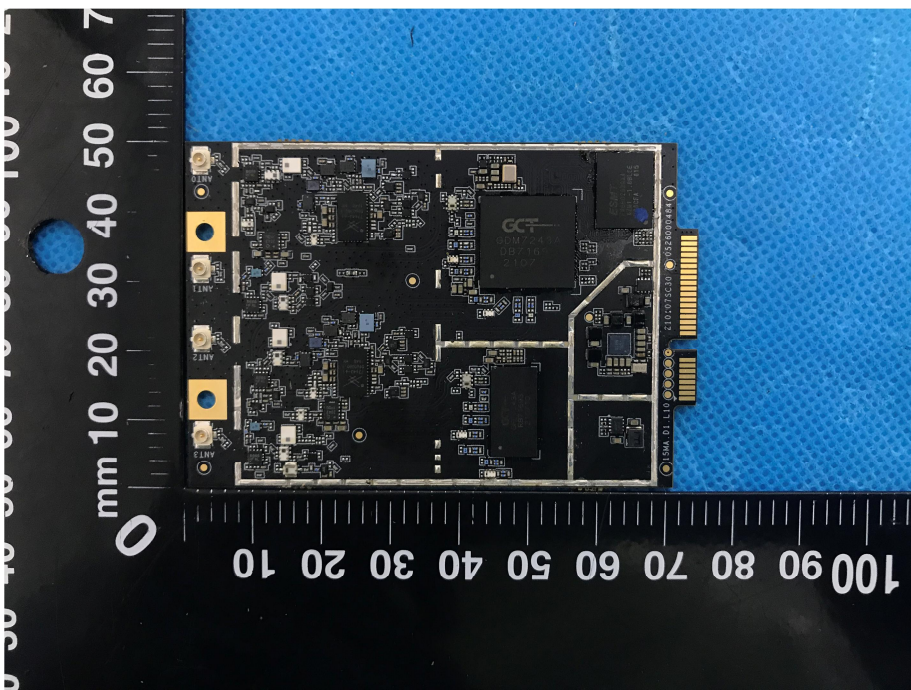

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p style="text-align: center;">Solder Board-Component View 1</p>	 <p>A photograph of a printed circuit board (PCB) component, likely a mobile phone's internal board, showing the solder side. The board is dark green and populated with various electronic components, including a large central chip and several smaller components. A black ruler with white markings is placed vertically on the left side of the board, showing measurements in millimeters from 0 to 100. The board is set against a blue textured background.</p>
<p style="text-align: center;">Solder Board-Component View 2</p>	 <p>A photograph of the same PCB component from a different angle, showing the solder side. This view highlights the bottom edge of the board, which features a gold-plated connector strip. The board is populated with various components, including a large central chip and several smaller components. A black ruler with white markings is placed vertically on the left side of the board, showing measurements in millimeters from 0 to 100. The board is set against a blue textured background.</p>
