Overall Assessment Letter for HDT Receiver Module 2
FCC id: S4L-HDTM2

I have reviewed this application and find it compliant.

This is an application for a modular transmitter which supports GSM 850 and PCS 1900.

Please note that there were no issues that were required to be raised with the applicant during the assessment of this submittal.

I underwent the FCC RF exposure training with BABT in July 2007.

Yours sincerely

Tom Twynam
