請回信 給 charveyemc

There are many other exhibits with the dash. Please revise all incorrect exhibits.

Best regards,

Chris Harvey

Dear Chris,

After checking with the client, the correct FCC ID should be S4LONEXL (no '-').
I have revised the report and reloaded it.

3/1/2007

Thank you in advance and sorry for any inconvenience caused!

Best Regards,

<charvey-tcb@ccsemc.com>

Notice#1

Gloria, I have performed the review of the above referenced TCB application and find that the following needs to be addressed before the review can be completed:

The FCC ID Label exhibit has an FCC ID that is missing the '-' that appears in the application form and other exhibits. Please determine the correct FCC ID number for this device and update all necessary exhibits and forms.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Chris Harvey
