1900MHz CDMA EVDO

CAUTION: This product is combustible. If igniting liquid or material inside, it may cause fire and property damage. For more information, see the user manual. Do not use this product in a confined space. Do not use this product in a flammable or explosive atmosphere. Do not use this product in a hazardous environment. Do not use this product in a high humidity environment. Do not use this product in a high temperature environment. Do not use this product in a high pressure environment. Do not use this product in a high vibration environment. Do not use this product in a high magnetic field environment. Do not use this product in a high electromagnetic interference environment. Do not use this product in a high radio frequency environment. Do not use this product in a high power environment. Do not use this product in a high speed environment. Do not use this product in a high acceleration environment. Do not use this product in a high deceleration environment. Do not use this product in a high shock environment. Do not use this product in a high impact environment. Do not use this product in a high pressure environment. Do not use this product in a high temperature environment. Do not use this product in a high humidity environment. Do not use this product in a high vibration environment. Do not use this product in a high magnetic field environment. Do not use this product in a high electromagnetic interference environment. Do not use this product in a high radio frequency environment. Do not use this product in a high power environment. Do not use this product in a high speed environment. Do not use this product in a high acceleration environment. Do not use this product in a high deceleration environment. Do not use this product in a high shock environment. Do not use this product in a high impact environment.
