Re: FCC Class II Permissive change for FCC ID: S5R-3490
Original Grant date: 10/19/2013
Applicant: Mosby LLC

Dear FCC:

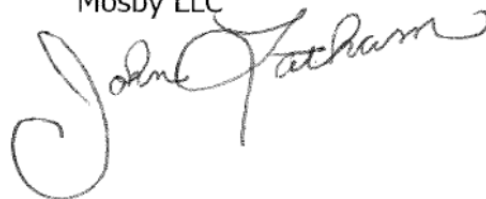

We are requesting a Class II permissive change for FCC ID: S5R-3490, originally granted on 10/19/2013.

The only change filed under this application is to enable Bluetooth Low Energy feature through a software change. There are no hardware changes that are made to the device. The software control is not accessible to end users. The software change can only be made by the Applicant.

If you have any concerns with the request, please let me know so we can discuss.

Sincerest regards,

John Latham, President
Mosby LLC

A handwritten signature in black ink that reads "John Latham". The signature is written in a cursive style with a large, looping initial "J".
