SHENZHEN YIFANG DIGITAL TECHNOLOGY CO., LTD.

Building NO.22,23, Fifth Region, Baiwangxin Industrial Park, Songbai Rd., Nanshan, Shenzhen 518108, China

Date: September 22, 2012

We, SHENZHEN YIFANG DIGITAL TECHNOLOGY CO., LTD., declare that this EUT (FCC ID: S7JM767ND) doesn't have Ad Hoc Mode function on "non-US/Canada frequencies". In addition, the frequency selection feature is disabled by firmware for devices marketed to the US/Canada. For DTS part of this device, only channels 1-11 will used in North America. Country code selection is disabled.

Note 1: This EUT supports 2.4GHzWiFi only without other RF function.

Note 2: The output power setting of EUT is set in the factory and followed.
  The max level in below, there is no tune up procedure except factory default setting:
  802.11b: 12.3dBm
  802.11g: 11.50dBm
  802.11n: 10.30dBm

Sincerely yours,

_____
