RE: Declaration of Similarity  
FCC ID: S7Y-AGS1600-001

To Whom It May Concern:

Please be advised that the models AGS1600 and AGS1600-X are electronically identical, all RF measurements and test results are exactly the same.

The difference between the two models is the antenna. The AGS1600 has a 1°x3° Antenna beam shape and the AGS1600-X has a 1°x25° and therefore a lower EIRP measurement than the AGS1600.

Thank you for your attention to this matter.

Yours faithfully  
*Navtech Radar Ltd*
