**Re: Antenna Specification**  
**FCC ID: S7Y-MV1**

To whom it may concern,

The antenna specification within the unit is as follows:  
Azimuth Beam width: 3.6°  
Azimuth Beam width: 3.6°  
Gain: 33dBi

Representative beam plot and image of the antenna is shown in the Operational Description document.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Poulton".

Richard Poulton  
Hardware Team Leader
