RE: Class II Permissive Change Request  
FCC ID: S7Y-MV1

To Whom It May Concern:

Please be advised that pursuant to FCC Rule 47CFR 2.1043 the manufacturer requests that the above-referenced model be approved for class II permissive change.

The reason for the class II change is a change to the physical antenna that adjusts the beam width parameters. Other minor items include a change of motor, external connectors to D38889 Mil Spec but the system will remain electrically equivalent.

Thank you for your attention to this matter.

Yours faithfully

Navtech Radar

Richard Poulton
