DAS-2400 Module Certification

To Whom It May Concern:

Regarding Part 15 Unlicensed Modular Transmitter Approval, the following requirements called out in Part 15.212(a)(1) are observed:

1. The DAS-2400 has its own RF shielding.
2. The DAS-2400 modular transmitter has buffered modulation/data inputs to ensure that the module will comply with Part 15 requirements under conditions of excessive data rates or over-modulation.
3. The DAS-2400 employs on board power supply regulation.
4. The DAS-2400 employs a MMCX connector on the module, qualifying as a unique antenna coupler.
5. The DAS-2400 was tested in a stand-alone configuration.
6. The DAS-2400 has a permanently affixed label with the FCC ID: S85-DAS2400.
7. An instruction manual is provided with the system authorized under FCC ID: S85-DAS2400, detailing proper installation and usage.
8. The DAS-2400 complies with RF exposure requirements at a distance of 20 cm from the intentional radiator.
