Hello Wei,

Review of this application is complete. Please respond to the following items.

Q1: The FCCID shown on the FCCID label is S8L-100721HEPA. The FCCID shown in the confidentiality letter, user manual, and application form is S8L-100721TMPRM. Please confirm which FCCID is correct and revise documentation accordingly.

Q2: The test report makes reference to TIA/EIA 603:1992. The current version of the standard is ANSI/TIA-603-C-2004. Please change future reports to reference the current standard. We will accept the current test report as we can see that the proper procedure was used. However, future test reports with incorrect standard referenced may be returned for correction.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Tim Dwyer

Hi, Tim.

Thanks a lot.

For Q1: Sorry for the typo. Correct FCC ID for TMPRM1900 is attached here.
For Q2: We'll update our template for this change for future application.

I checked its IC report. The IC id is OK.
I'll file another SHYAM application soon.

Regards,

Wei
