Re: RHH 2x40W 700MHz, FCC ID: S8L-RRH700L1

To assure controlled access to the referenced product, we, the manufacturer of the subject equipment, arrange the following with our buyer:

Via NDA with the buyer of our equipment \_\_\_\_\_, it is agreed that the subject equipment is only accessed, serviced, and operated by and under the control of licensed professionals with strict confidentiality. It is not a consumer product, and is not to be accessible by the general public.
