

Your Vision, Our Future

Date: September 28, 2011

UL CCS
47173 Benicia Street, Fremont, CA 94538
USA

Reference: Applicant: Olympus Medical Systems Corp.
FCC ID: S8Q-RU5796

To Whom It May Concern:

Regarding the application which was granted under the FCC ID: S8Q-RU5796 on September 7, 2011, we, Olympus Medical Systems Corp. would like to request to supersede the test report exhibit, as it has been noticed that an incorrect test report was originally uploaded.
Spurious emission test data at 1-10GHz was missing in the original test report due to a simple mistake of testing laboratory.

Sincerely,

A handwritten signature in black ink, reading "Toshiaki Noguchi". The signature is fluid and cursive, with the first name and last name clearly distinguishable.

Toshiaki Noguchi
Chief Manager
Olympus Medical Systems Corp.
