

Welcome to

Whistle

Quick Start Guide & Instructions

WHAT'S IN THE BOX

1 Whistle

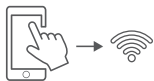

1 Micro USB
charging cable

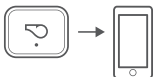

3x Collar straps

1. GET THE APP Open the email you received from Buddybuild and follow the instructions provided to register and install the app on your smartphone.

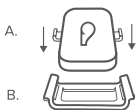

2. SET UP YOUR WHISTLE Open the app on your smartphone and follow the step-by-step instructions for set up. Whistle will need to connect to a Wi-Fi network, so we recommend you set up at home.

3. LET YOUR WHISTLE CHARGE Once the LED light on Whistle is green, you'll know that it's charged. We'll send you a notification on your phone when it's time to attach Whistle to your pet.

HOW TO CHARGE WHISTLE Plug in the charging cable provided into the micro USB port at the back of your Whistle. Plug in the other end of the cable into a USB power outlet (recommend 5V). The orange light will turn on to show the device is charging.

4. ATTACH WHISTLE TO YOUR PET'S COLLAR To attach Whistle to your pet's collar, take your Whistle (A) and collar strap (B) and place your pet's collar in between the two, so that the Whistle can latch onto either side of the collar strap.

WHISTLE CARE

Whistle is water resistant. We recommend rinsing and drying it regularly, especially after swimming, to keep it from rusting.

Be sure to charge Whistle regularly to keep your pet safe. Enjoy!
