

**Trimble Navigation Limited MCS**

345 SW Avery

Corvallis, OR 97333

September 15, 2010

To whom it may concern,

Trimble Navigation Limited MCS is submitting this application for an Original certification for FCC ID: S9E-RGTSC3WN. It is a WWAN module. It is seeking limited modular approval for co-location with other radios in the Trimble Handheld computer Model Ranger/TSC3.

The Ranger/TSC3 also contains a combination Wi-Fi / Bluetooth radio module (FCC ID: S9E-RGTSC3BW) and a FHSS module (FCC ID: S9E-RNGR2410). This application contains an EMC test report for the WWAN module and RF safety information for the co-located radios.

All of the modules are installed by the client and are not user accessible. The modules will not be sold individually.

Your attention to this matter is greatly appreciated and please contact me if you have any questions.

Best regards,

A handwritten signature in black ink that reads "Bob Grant". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
