Re: Applicant: Trimble Navigation Limited.
FCC ID: S9E-RGTSC3WN2
Part 2.933(b) Change in Identification of Equipment

Trimble Navigation requests a change in identification of a currently certified device under Part 2.933(b).

The original equipment identification is FCC ID: QIPXS8.
The original Grantee Cinterion/Gemalto was granted approval on 2/5/2013.

The original test data filed by Cinterion continues to be representative of the newly identified device.
There are no changes to the hardware or software.

This change in identification is requested for the newly identified device, FCC ID: S9E-RGTSC3WN2,
which is physically and electrically identical as defined by Part 2.907, to the originally approved module.

Please let us know if you might require anything further to assist with your review of this Change in
Identification of Equipment.

A handwritten signature in black ink, appearing to read "Bob Grant", with a long horizontal flourish extending to the right.

Bob Grant
Regulatory Engineer
