

Trimble Navigation Limited MCS

345 SW Avery

Corvallis, OR 97333

October 18, 2013

Dear Application Examiner:

Trimble Navigation Limited MCS is submitting this application for a Class II Permissive change (C2PC) of FCC ID:S9E- RGTSC3WN2. This WWAN radio has full modular approval. We are seeking the C2PC in order to add this radio to our Ranger/TSC3 product. When installed in the Ranger/TSC3 handheld computer, it will then be co-located with the following two radios:

1. Bluetooth/802.11b/g/n combo, FCC ID: S9E-RGTSC3BW
2. Cirronet module, FCC ID: S9E-RNGR2410

No changes have been made to the radios, antennas, or software.

The Ranger/TSC3 handheld computer will only be used greater than 20cm from the user's head or torso. It is a data radio only, with no provisions for voice communication or body worn operation.

Your efforts in reviewing this application are greatly appreciated.

Best regards,

A handwritten signature in black ink that reads "Bob Grant".

Bob Grant
Regulatory Engineer
