Dear Application Examiner:

Trimble Navigation Limited MCS is submitting this application for a Class II Permissive change (C2PC) of FCC ID: S9E-RNGR2410. This FHSS radio has limited modular approval. We are seeking the C2PC in order to add this radio to our Yuma 2 product. The Yuma 2 handheld computer will then include the following three radios:

1. Bluetooth /802.11 a/b/g/n combo, FCC ID: PPD-AR5B22
2. Data only cell module (no voice), FCC ID: S9E-Y2C3

In this configuration, the RF exposure condition will be mobile. A SAR report has been provided with this application.

No changes have been made to the radios, antennas, or software.

Your efforts in reviewing this application are greatly appreciated.

Best regards,

A handwritten signature in black ink that reads "Bob Grant".
